

CONE WINDER (THREAD DISTRIBUTOR) SERIES

LUNEX Thread Distributor / Cone Winder Series is designed to deliver high-speed, efficient, and consistent thread winding solutions for textile and embroidery applications. Built with precision engineering, these machines ensure smooth operation, reduced downtime, and enhanced productivity.

Key Features

- High-speed winding for increased productivity
- Uniform and precise thread distribution
- Timer-controlled thread winding volume
- Compact design with lightweight structure
- Easy operation with user-friendly controls
- Suitable for embroidery and sewing applications
- Durable construction for long-term performance
- Simultaneous multi-bobbin winding (select models)
