

APPAREL PATTERNS 2-IN-1 INKJET CUTTER

**Worldwide No.1 for Double Feeding Rollers
System with Motors in Front**

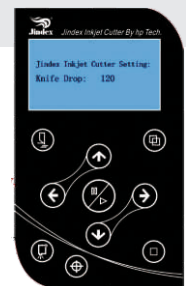

**High Accurate
Rollers Installed**

New Look with New Evolutions

Advanced paper-transfer rollers and German Bearing, Motors and parts provide a high-precision & wear-resistant function, ensure joint preferred for 300 m plot & cut. Special cut knife head can cut thin & thick paper from 80-300 gram; standard equipped with a auto-feeding paper roll system (50 KG weight), 2nd feeding paper roll system can be equipped as an option.

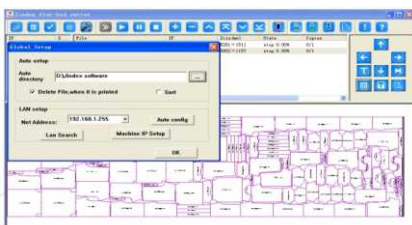

UPC2-180F

- Big LCD show cut & plot status, adjust the values of cut-press & test the ink
- Overlap test for cut & draw / Reset, Stop, Pause, Re-run / Move paper Front & back

- Based on the military level ARM9 chip developed cut main board with full knowhow for better quality

Advanced Cut/Plot centre server software

- Auto-recognize the cut/draw lines in all kind of CAD
- Realtime edit the cutting/plotting quantity & display the queue files status
- Select & Define inner cut/ External Cut/ Half cut/ draw lines into different other lines and the changes can be saved for future use by related colors

IP	状态	MAC	ID
192.188.1.17	ON	60-D5-06-3E-52-59	30FFD603047393
192.188.2.17	ON	60-D5-06-3E-52-59	30FFD603047393
192.188.3.17	ON	60-D5-06-3E-52-59	30FFD603047393

192.188.5.17	ON	60-D5-06-3E-52-59	30FFD60304739372251243
192.188.6.17	ON	60-D5-06-3E-52-59	30FFD60304739372251243

- A computer can control more cutters by the router
- Super terminal PC control software is unique in the world that preview, edit the queuing files in the server
- The server Cut/Plot centre software can communicate realtime with terminal software without walking

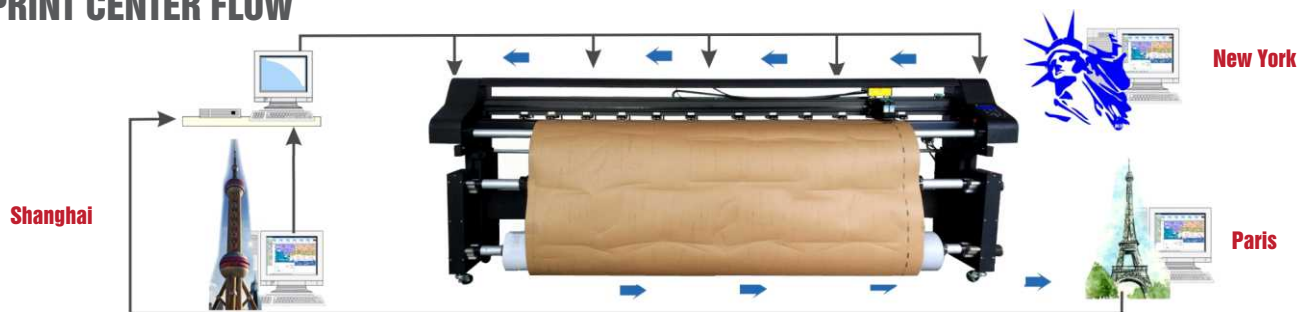

- Reliable HP45 operate easy and upgrade as 4 heads
- Double efficiency longer work-life

UPC Apparel Patterns 2-in-1 Inkjet Cutter Technical Specifications

MODELS	JD-UPC2-160	JD-UPC2-180	JD-UPC2-200	JD-UPC2-220
Max paper width	165 cm	185 cm	205 cm	225 cm
Max cut/plot width	160 cm	180 cm	200 cm	220 cm
Plotting Speed With Resolution	80 Sq M/Hr. 300 - 600 dpi	80 Sq M/Hr. 300 -600 dpi	90 - 100 Sq M/Hr. (180SqM/Hr. as 4HP45)	90 - 100 Sq M/Hr. (180SqM/Hr. as 4HP45)
Max. Cut Speed by knife	900mm/s	900mm/s	900mm/s	900mm/s
Carriage Type	HP45A/B, 300-600DPI without maintenance			
Carriage number	2 HP45 Cartridges		2 HP45 Cartridges (Cut width smaller by 8 mm if by 4 HP)	
Paper or materials types	Can continuously cut / plot the roll paper or board paper from 80 gram to 500 gram of white paper or yellow paper boards			
Cut or Draw length warranty	Advanced and high-accuracy roller structure make continuous, accurate cut and plot 500 meters without joints			
Feeding motor & 2nd paper feeder	Newly Auto-feeding Paper Motor can make plotting X/Y size 100% accurate in 50KG paper rolls; 2nd auto-feeding paper roller system can be selected as an option if two kind of paper to be used frequently			
Mother board control advantages	With a most Integrated mother board, make bitmap plotting & vectorised cut lines more smart & stable with perfect program control to advanced Arm9 chip for two kinds of different movement ways			
LCD Display	Big LCD can dynamically show cut & plot status and position, adjust the cut-pressure values & test the ink-out. Can adjust the overlap test for cut & draw, move paper front & back, distance etc			
Port/interface electricity Power	Super LAN Port as Interface <300W; 110-260V AC: 47-66HZ: (Option:90-120V)			
LAN & Multi-Plotter plotting online	Realize a computer to control 50 Inkjet Plotters to print at the same time by LAN. Each plotter can be setup and controlled easily in LAN			
PC terminal software advantages	Super Terminal PC control software is dynamic adjusting software with the Server host database, it can preview, edit the queuing files orders realtime in the computer server			
Server host software advantages	The Server Host control software is a main plotting and cutting control software for all the files of the LAN that has great function to edit the cut, half-cut, draw type's lines and save			
Control way & its advantages	With newly innovative German accuracy, motor under closed loop control make Inkjet Cutting Plotter more smart and stable working, assure 100% maintenance free operation
