

AUTOMATIC BUTTON WRAPPING & KNOTTING MACHINE

Precision Wrapping. Secure Knotting. Maximum Productivity.

Smart Automation for Premium Garment Finishing

The LUNEX Automatic Button Wrapping & Knotting Machine is engineered to automate button thread wrapping and knotting with exceptional precision and speed. Designed for modern garment manufacturing, it improves production efficiency, ensures consistent button fastening, and delivers a clean, professional finish while reducing manual labour.

LUNEX AUTOMATIC BUTTON WRAPPING & KNOTTING MACHINE

The LUNEX Automatic Button Wrapping & Knotting Machine combines intelligent automation with precision engineering to deliver fast, reliable, and consistent button wrapping and knotting for high-volume garment production.

Technical Specifications

Model	LX-A708
Machine Type	Automatic Button Wrapping & Knotting Machine
Power Supply	AC 200–240 V
Frequency	50/60 Hz
Air Consumption	0.2 L/min
Wrapping & Knotting Time	2.0 Seconds
Knotting Programs	1–9
Button Loop Range	4–40
Button-to-Fabric Distance	2–6 mm
Production Capacity	Up to 1,200 pcs/hour
Machine Weight	20 kg

Outstanding Features

Automatic Button Wrapping: Ensures neat, consistent thread wrapping around every button for a professional appearance.

Secure Button Knotting: Creates strong, durable knots that improve button fastening and garment durability.

High-Speed Production: Processes garments quickly to maximize productivity and reduce production time.

Intelligent Touchscreen Control: Easy-to-use interface for quick setup, operation, and parameter adjustment.

Multiple Knotting Programs: Supports different button styles and garment requirements with flexible operating modes.

Low Maintenance Design: Built with premium industrial components for reliable, long-term performance.
